**Institute for Sustainable Communities**

c/o TETRAD Technologies Group, Inc.  
28 Chase Gayton Circle, Suite 736  
Richmond, VA 23238-6533

I am in support of the EcOasis Project and wish to express my intention to contribute to the installation of EcOasis community life support pods in locations around the world that are in need of pure drinking water, sustainable and ecologically renewable power, monitoring of foods and themselves for infectious diseases, bioprotection of homes and other buildings against bacteria, viruses and mold, and access to communication and educational resources.

I would like to pledge support in the form of [description of money, time, or other contributions] that can be applied to EcOasis project activity. \*

It is my understanding and expectation that the Institute for Sustainable Communities is in the process of establishing itself as a non-profit corporation and that it will duly apply for IRS recognition as a charitable organization for tax-deductible purposes. I understand that this pledge is not legally binding but by sending this letter I express my serious and honorable intention.

Sincerely,

[Your Name]  
[Your Contact Data]

\* You may choose to specify particular regions or nations for the use of any projected monetary contributions.
